House Bill HB 1692 "Stop raiding of the ORV funding by non ORV related Organizations"

House Bill HB 1448 "Reducing the administrative cap on off-road vehicle money"

Press Release (See Over)

PRESS RELEASE

Countless families and businesses from across Washington are converging on Olympia for a public awareness rally on Friday, March 9th, 2007.

All forms of Off Highway Vehicle recreation users will be represented; Four Wheel Drive, ATV, Motorcycle & Rally Cars

The current system of funding and managing Off Highway Vehicle recreation opportunities on public land in Washington was launched with a similar rally in the 70's.

WHY IS A PUBLIC AWARENESS RALLY NEEDED NOW?

- **Demand is growing fast!**
Sales of Off Road Vehicles continue to increase significantly, every year:
- **OHV lands have been closed.** Other groups who have both far greater directed funding and a stated Anti Off-Highway Vehicle agenda have raided the current funding source. Legislation is continually introduced that intends to curtail this valid recreational activity.
- **Tens of thousands of Off Road Vehicle recreation enthusiasts are not being served appropriately!**
This is a family oriented activity, enjoyed by persons from all walks of life and professions. Hundreds of clubs bring families and enthusiasts together in positive, contributing scenarios.
- **Hundreds of thousands of dollars of Washington's economy are at stake!**
Off Highway Vehicle enthusiasts not only purchase their vehicles, they buy RV's to camp in, trailers to tow their vehicles, aftermarket equipment, clothing, etc. Further, they bring vital economic input to the small communities adjacent to recreation opportunities.
- **Tax dollars are being Mis-Appropriated!**
Funds designated for Off-Highway Vehicle Recreation are being stolen. Come to the rally and find out more...
