

ROLL OF MEMBERS

With Dates of Membership, List of Papers, and Offices Held

Place of residence, in each case the last-known place of residence, is given for all members not resident in Chicago or vicinity. Most Non-Resident members (except Associate members) were Resident members when elected to membership in the Club. Dates of membership have been taken from the yearbooks, prior Club histories or other available sources. Titles and dates of papers have been taken from title pages of papers, the yearbooks or prior histories. An asterisk (*) preceding the listing of a paper indicates that the paper was published by the Club. A (C), (N), (W) or (G) notation following the listing of a paper indicates that the paper is held in the collections of the Chicago History Museum, the Newberry Library, Widener Library at Harvard University, or Glessner House, respectively. The titles of papers available online are underlined and appear in blue; click on the title to view the paper. *Meeting Video* is a link to the YouTube recording of that presentation. Offices held by the member follow the list of papers. Biographies of members are listed next to their name and are taken either from the List of Notable Members or from obituaries printed in the Club Yearbooks.

Members are listed alphabetically by last name:
